

REMARKS

Applicant thanks the Patent Office for the careful attention accorded this Application and respectfully request reconsideration in view of the Amendment above and remarks set forth below.

In response to the Office Action mailed May 12, 2009, Applicant has amended Claims 49-52, 56 and 58 to avoid any basis for rejection under 35 USC 112, and added dependent Claim 59 directed to a subordinate feature of the present invention. Also, Applicant has added new Claims 60-68 based on Claims 49-59, but without requiring "a second Internet-enabled information server storing and configured to serve a library of MMVK tags on the WWW", as recited in amended Claim 49.

Applicant also hereby submits a Terminal Disclaimer to overcome the obviousness-type double patenting rejection in view of copending Application Nos. 10/812,341; 11/823,828; 10/058,970; and 09/695,744. Applicant has expressly abandoned US Application Nos. 11/804,769; 10/876,261; 10/602,990; 10/059,076; 10/693,856 and 09/716,848.

Applicant firmly believes that present invention defined by amended Claims 49-59 and newly presented Claims 60-68, is neither anticipated by, nor rendered obvious in view of the prior art of record, and that the present application is now in condition for allowance.

Favorable action is earnestly solicited.

The Commissioner is hereby authorized to charge any fee deficiencies to Deposit Account 16-1340.

Respectfully submitted,

Dated: November 12, 2009

Thomas J Perkowski, Esq.
Attorney for Applicant
